THE NEWS OF SHORTRIDGE

ORATORICAL ASSOCIATION HOLDS ITS ANNUAL ELECTION.

Class of the School Will Hold Its Semi-Annual Meeting This Morning-School Notes.

The Shortridge Oratorical Association held its annual election of officers yesterday afternoon. The most closely contested office was that of the presidency. Ora Williams and Alfred Brandt were the candidates. The latter announced that he was a candidate for the office but a few minutes before the election. The first vote was a tie and on the second vote a few extra votes were cast, which made Ora Williams president by a plurality of three votes. Orestes Caldwell was chosen the vice president and Alfred Brandt secretary. The latter's name for each of the three offices. fter he falled in securing the office of the was bound that he would ther office, but was forced to take of secretary.

Clancy, the State delegate for the opened the meeting and in he course of the evening eloquently set forth the purpose of the club to the new members. Mr. Clancy states that he expects to have seven contestants in the State contest this year. He has written to the Columbus, Frankfort, Shelbyville, Terre Haute and Kokomo High Schools, endeavoring to get them to join the association. The mbus High School was formerly a member of the association, but on account of some trifling dissagreement dropped out. The meeting yesterday afternoon was held hind closed doors. Several matters were ussed regarding the future policy of

the school in the State contests. Shortridge Senior Class.

The senior class of the Shortridge High School will hold its semi-annual election of officers this morning at 8 o'clock. Mr. Thomas, the teacher of senior English, will start the seniors on their organization. He will be the referee in all the disputes of nentary ruling. All the members of the class are greatly interested in this eeting. The anxiety has kept many of the pupils from their lessons for several days. The success of the class depends largely upon the choice of their president. Among all of the candidates two stand tions are watching the other with eager eyes. It is feared by both that some dark Mr. Thomas announced yesterday that the seniors had better choose the editor for it is probable that he will be elected.

Notes of Shortridge.

Mr. Lotz, the chemistry teacher, had a severe fall a few days ago, which has now proven to have slightly fractured his skull. For the past fewedays his place has been filled by his assistant, Harly Bartlett, but yesterday morning a new teacher took Mr. Lotz's place temporarily. He is Mr. Smith. one of the city chemists.

The Gamma Epsilon, a boys' senior frat, central part of the country; Christopher has disbanded. One of the candidates for O'Neil, Buffalo,, organizer for the East, and and it is claimed by the opposing party that | izer for the West. James J. Dwyer is editor the frat disbanded merely for the sake of of the Teamsters' Journal, the official paper feared that if the frat remained organized has a membership of 1,000,000. the other party would claim that its candidate was supported by this ring, and that if its man was elected he would work for the favored few of the frat.

A mandelin club is being organized, conisting of Ed Hunnigutt, Otis Calvin, John ets, Harvey Stout and Alfred Brandt. Besides playing in the school, they intend of W. P. Jungciaus & Co. Boxes are to be to serenade their different friends, when | constructed around the sides of the hall. they will bring their voices also into use.

MITCHELL

HE AND SECRETARY WILSON AT MINE WORKERS' HEADQUARTERS.

He Would Not Accept Presidency of the American Federation of Labor -The New Book.

John Mitchell, president of the United Mine Workers of America, and W. B. Wilson, secretary of the organization, arrived in the city yesterday afternoon at 3 o'clock from Washington, where Mr. Mitchell has been for the past few weeks. They went directly to their offices at the headquarters in the Stevenson building and spent the remainder of the day in attending to business matters. Mr. Mitchell is much proved in health since his vacation, though it was continually interrupted by business affairs. When asked if he were a candidate for the presidency of the American Federation of Labor at the coming convention in Boston Mr. Mitchell said that he had heard nothing of it and that he

Mr. Mitchell said that his book, "Organ- investors in that locality. zed Labor," will be completed by the publishers, the American Book and Bible Company, on the 10th of this month. The first edition will be issued about the 15th to the public. The first copies of the book, Mr. Mitchell said, will be sent to the newspapers and magazines. The book is a history of unionism since its inception in America to the present time. Although a defense of trade unions it does not attack capital in a vicious manner. Conservatism is the keynote of the whole book and from a reading, it is said, one would get the impression that it was written by a man unidentified with the cause of which he writes. Though Mr. Mitchell voices a strong opposition to strikes, he declares that they are sometimes necessary, but should never be resorted to except when everything else has failed. He contends that this has a fortnight's visit in the East, always been the policy of the mine workthe reasons why it has had the sympathy to familiarizing himself with their violence could not always be prevented.

Mr. Mitchell cites conditions in unorganlittle better than slaves and gives statistics to show a gradual increase of wages and a betterment generally among the laboring classes under the impetus of organization. Albany, Worcester, Boston, Providence, These statistics apply with much force to the anthracite coal fields, he contends, though not so pointedly as in the bitumiwhere a working agreement is regularly signed each year by the miners and their

Mr. Mitchell makes it very plain that he s opposed to the "sympathetic" strikes, but he holds that there ought to be a closer bond of union between all classes of organized men, to the end that they may ated on and "immunized" with anti-toxin. counsel together and render assistance to one another in time of need. Many incidents of the great strikes which to and lessons drawn from them. The author points out some mistakes and does not try to palliate the wrongs committed by the laboring man in time of strike. He argues that society should protect itself at all times and that this protection can | Under old conditions over 12,000 would have best be secured by meting out justice impartially for all offenses. Mr. Mitchell refers to the fact that he had often said organized labor is sometimes its own worst enemy and that it will always be so when it is led by designing, hot-headed men, who are prone to be carried away by their passions, or who, for any cause, would rush into a strife without

having first tried to obtain an honorable He points out instances in which organized labor has been brought into disrepute by such means, and says they should be a warning to all so-called labor leaders to resort to strike only in the direst extremity, and never then until the people have been made aware of the conditions of which the members of the organization complain.

HOSPITAL FOR CONSUMPTIVES. Though the author refers to President Roosevelt in connection with the settlement of the anthracite coal strike in compli-mentary terms and says the miners and country at large owe him a debt of grat-itude that can never be paid, he is not ful-some in his praise of the chief executive. He says a principle has been established in favor of the general government's interference for the protection of the people and it is sure to be followed in the future, when exigencies make interference neces-

BOILER MAKERS STILL OUT.

Conferences of Employers and Em-

ployes So Far Fruitless. The strike of the boiler makers in the division shops of this district has not yet been settled. The men are still holding out for their demands, which the Big Four people refuse to concede. Representatives of the strikers yesterday met John MeNeil, grand president of the brotherhood, and later held conference with William Garstang, super-2 cent increase for their helpers. Several conferences have been held between the employers and employes, but the boiler makers have not been satisfied with the inducements offered. W. L. Essex, general foreman of the Santa Fe, arrived in the city yesterday to get the striking boiler makers to accept

positions with his road. Free transportation and 38 cents an hour were offered but none of the strikers accepted the proposi-

Firemen Want More Money.

Members of the Brotherhood of Locomotive Firemen are making efforts to force the various railroads of the country to grant their demands for an increase in wages similar to that recently conceded to the conductors and trainmen. The demand calls for from 10 to 20 per cent. more pay and if conceded will add between \$3,000,000 various companies which employ about 60,-000 stokers.

The executive committee of the brotherhood convened in Chicago yesterday to make definite plans for securing the increase. The firemen claim that they should have the increase because of the recent growth in business, size of trains and engines. The present rates of the men were fixed when the locomotives were smaller and the runs were long. At present the runs are from 100 to 150 miles and wages have dropped accordingly.

Teamsters Open Headquarters.

The International Brotherhood of Teamsters opened its headquarters yesterday in out most prominently. They are Walter the suite of eight rooms on the third floor Pritchard and Garvin Brown. Both fac- of the Thorpe block. The officials have been in the city for several weeks getting horse may make his appearance on the the apartments in shape. The whole floor scene and take away the honor from either. has been overhauled and new furniture has been purchased by the teamsters. The their Annual to-morrow also. Changes in Tomlinson Hall.

The Board of Public Works has begun the work of remodeling the interior of Tomlinson Hall, through the contracting firm The boxes will be built in two tiers, one

above the other on both sides of the hall. This will reduce the floor space of the hall considerably. The work is being done after

plans of John H. Stem. STOCKHOLDERS' MEETING.

Officers Elected for the Pan-American Plantation Company.

The first annual meeting of the stockholders of the Pan-American Plantation Company was held last night in the Stevenson building. The plantation is situated on the Isthmus of Tehauntepec, in the southeastern part of Mexico. Charles Foster, of Ohio, who was a member of General Harrison's Cabinet, is president of the company, and was here last night to attend the meeting. Three directors, C. M. Barnes, Arthur B. Jones and G. H. Gilpatrick, whose terms had expired, were re-elected. The officers of the company are as follows: Charles Foster, president; C. M. Barnes, vice president; Dr. W. B. Stewart, second vice president; Junius L. Burgess, secretary; John A. Wilferth, treasurer and nanager. In addition to these officers C H. Voegele, James P. Hankey, Arthur Moore, G. H. Gilpatrick and M. L. Ploughe

It was announced last night that the company has earned and paid a dividend of 7 per cent. on its first year's operations. James Brydon, manager of the plantation, attended the meeting and gave a very in teresting and instructive talk on the work of development that is in progress on this property. The directors and stockholders who were present will go in a body to Elwood to-day to attend a large meeting of

HE SPENT IT LEARNING HOW TO PREVENT SPREAD OF DISEASE.

Death Rate from Diphtheria and Consumption Reduced in Boston-Care of Children in the East.

Dr. John N. Hurty, secretary of the State Board of Health, returned yesterday from visited a number of large cities w. of the public in cases where a strike was of preventing disease. Instead of spendresorted to, notwithstanding the fact that ing his vacation at the seashore or at summer resort the secretary decided to see ized factories to show that employes are | what the East is doing in the way of saving life from the ravages of disease. During his absence he visited Rochester,

New York and Philadelphia.

"In Boston," said Dr. Hurty last night, nous districts in the West and Northwest, "I found that they have reduced the diphtheria death rate from 52 to 12 per cent. by immediately separating children found to have the disease and taking them to hospitals for treatment. All children found in infected houses are immediately opermoving infected children to hospitals they organized labor has conducted are referred are moved by force. In Boston the infectious disease hospital for the treatment of diphtheria and scarlet fever cost \$800,000. In five years 25,000 children in round numbers have been treated for these two diseases. With all this care 3,000 have died. died. In addition it is estimated that over 50,000 cases have been prevented. Visitors to the hospital are not admitted until they have put on white sterile robes. This is to prevent the carrying of disease to the children, such as measles, chickenpox, etc., and also to make impossible the carrying forth from the hospital of scarlet fever

and diphtheria. "The smallpox hospital in Boston is right in the edge of the city proper. It is surrounded by a high wall, and within that wall are paths and grass plots and flowers. The only smallpox patients in the hospital at the time of my visit were the monkeys

HOSPITAL FOR CONSUMPTIVES. "Boston now puts consumption on the reportable list, and every consumptive is visited and instructed how to take care of the sputum so as to prevent a spread of the disease. Shop girls and workingmen who acquire consumption are moved to hospitals, and of the cases decided to be curable 80 per cent. are cured and sent home to propagate the gospel of hygiene. The Massachusetts State Hospital for Consumptives was established in 1895, and is located at Rutland, forty miles from Amherst. The patients all pay \$4 a week, but the real expense is twice this amount, for the food the State meets it. The death of consumptives in Massachusetts mated that it has been the means of saving about 350 lives annually and the curtailing of the disease itself to a corresponding degree. These figures will increase with prevents consumption. I visited North Brother island, New York, where tuberculosis, smallpox, diphtheria and scarlet Intendent of motive power of the Big Four. fever are taken care of. The medical in-The boiler makers are asking an advance spection of the school children of Boston that is inclined to droop or whose flushed picion in the schools of these cities. At the consumption hospitals I visited, specially ed that when the patient is tucked in, the head projects out of the window in the open air, except, of course, when there is sleet or rain.

BEVERIDGE IN OHIO.

Chairman Dick and Senator Hanna Want More of His Time.

Senator Beveridge is in receipt of telegrams from Senator Hanna and other Ohio Republicans, urging him to spend more than one week in the Ohio campaign this and \$4,000,000 a year to the pay rolls of the fall. Before leaving Washington he promised Senator Hanna that he would give a week's time to Ohio, but it has developed that the requests for his services have become so numerous that the Ohio state committee is embarrassed in its attempt to provide for his week's stay in the State. Gen. Charles Dick, chairman of the Ohio state central committee, wired Senator Beveridge yesterday as follows: "It is utterly impossible for us to comply with the numerous requests for your services in this campaign. You will place the Republicans of Ohio under lasting obligations if you will grant to this committee a week's time in addition to what you have given us, say beginning the 19th. Senator Hanna sent the senator an urgent personal telegram, saying Senator Beveridge "must" spend the last two weeks of the campaign in Ohio. Senator Beveridge has the matter under advisement, but it is not probable that he can give more than one week to Ohio.

HAS MONEY TO PAY BILLS.

Controller Breunig Denies a State-

ment Published in the News. "That statement is absolutely incorrect." said City Controller Breunig last night, referring to the statement in the News yesterday that \$120,000 of bills against the city secretary-treasurer; Albert Young, Chicago, fell due yesterday, and that there was but \$84,451 in the city treasury with which to meet them.

"We pay the bills just as fast as they Breunig. "We've got plenty of money to pay all bills due, and we will continue to pay all bills without making any loans. The statement that \$120,000 of bills was due yesterday must have arisen from the fact that yesterday was the first day of the month. But the reporter who wrote that story went astray pretty badly, for most of the bills that fall due monthly do not reach my office until about the 10th. And when last month's bills come in we will be ready to pay them out of the current revenues."

REPORT COMPILED BY THE STATE BOARD OF CHARITIES.

Statistics Affecting the Charitable and Correctional Institutions of the State.

The State Board of Charities has compiled the reports made by the different charitable and correctional institutions for the nine months ending July 31. During this period 2,152 persons were admitted to these institutions and 1,896 were withdrawn, the net increase in the population being 256-138 in the hospitals for the insane, 75 in the five benevolent institutions, and 43 in the prisons and reform schools. At the Soldiers' and Sailors' Orphans' Home and the Institution for the Blind the number withdrawn exceeded the number admitted. The report further says:

"Named in the order of population, the Central Hospital for Insane, at Indianapolis, comes first with an enrollment of 1,951; next is the School for Feebie-minded Youth, Fort Wayne, 1,003; the Reformatory, at Jeffersonville, 938; the Northern Hospital for Insane, at Logansport, 881; the State Prison, Michigan City, 774; the Soldiers' Home, Lafayette, 771; the Eastern Hospital for Insane, Richmond, 692; Southern Hospital for Insane, Evansville, 653; Soldiers' and Sailors' Orphans' Home, Knightstown, 572; Indiana Boys' School, Plainfield, 567; Institution for Deaf, Indianapolis, 324; Industrial School for Girls, Indianapolis, 241; Institution for Blind, Indianapolis, 118; Woman's Prison, Indianapolis, 53. The officers and employes of the state institutions number 1,432, making a total of inmates and employes of 10,917.

"It is worthy of note that five years ago the average number present each day during the nine months ending July 31 was, in the charitable institutions, 5,152, and in the correctional institutions 2,499. This year the average population of the charitable institutions for the same period was 6,259, and for the correctional institutions 2,512. The increase in the former is 21 per cent.; in maintenance of this small army of dependduring the nine months \$1,076,750.49, classi-

Clothing Office, domestic and out-door departments Ordinary repairs "It will be noticed that about one-third of

the total cost of maintenance is required for administration expense. The salaries of the trustees of the thirteen institutions amount to \$10,882.96, and of the officers, \$71,024.73. The largest single item under the heading of food supplies is for fresh meat-\$91,550.34. Under "office, domestic and outdoor departments" the largest item is \$104.-151.09 for fuel and light. In addition to the cost of maintenance, there was an expense of \$64,061.34 for new buildings and permanent improvements, making a total expense of \$1,140,811.83. Deducting the receipts and earnings, amounting to \$105,906.44, the net expense for the nine months is \$1,034,905,39. While in the aggregate this seems and is a large sum, when reduced to the basis of the per capita cost, it is found that our instilutions are maintained very economically. The following statement gives the per capita cost of each of the State institutions for the nine months ending July 31 for 1902

and 1903, respectively: Central Hospital for Insane...\$134.50 \$126.35 Northern Hospital for Insane.. 115.11 Eastern Hospital for Insane.. 129.13 131.35 Southern Hospital for Insane. 124.62 Soldiers' Home 126.59 Soldiers' and Sailors' Orphans' 236.88 for Feeble-minded 99.69 115.59 State Prison 106.48 109.02 Woman's Prison 145.37 Indiana Boys' School 104.57

HOOSIER DRAWING CLUB.

The Organization Will Be Maintained

the Coming Year. The Hoosier Drawing Club, which has flourished during the past year, held a meeting this week at the office of Edward Mason, 800 Commercial Club, and elected officers for the ensuing year. The studio of the club is at 421/2 Virginia avenue, but, must be of the most nutritious character, owing to the increase in the membership of the club, it was decided to secure a has been reduced 6 per cent. since larger hall, if one could be found at the this hospital was established. It is esti- price which the club is willing to pay. A number of plans were also made at the the winter. William Forsyth, a welltime because those who are cured at the in- known Indianapolis artist, will again be stitutions will teach the hygiene life which | critic of the club, and will visit the studio every week and pass on the work done by the students.

The club was formed about two years ago by four or five young boys who were interested in sketching. Thirteen members from 30 cents an hour to 321/2 cents and a and New York is practiced daily. Any child were secured, but the organization went to pieces after a few meetings. It was reoror case of catarrh is looked upon with sus- club dues. Between the months of October and June the club does studio work, and in the summer months takes land sketching designed beds are used, being so construct- tours about the city. The enthusiasm of the members this year is higher than ever before. The following officers were elected at the meeting: Edward Mason, president; Charles Nichols, secretary, and R. P. Fin-ney, treasurer. The membership role follows: Frank Bowers, S. A. Green, M. V. Warner, S. P. Baus, C. E. Hammer, O. L. Davidson, W. D. Pope, Will Kendrick, Will Von Zell, E. C. Deacon, Chris Sierberth, Emory Cox, M. Anderson, Harvey Emerick, Milton Moore, Herbert Moore, Harry Woods, Jack Smith and William Forsyth.

THE NORDICA CONCERT.

Sale of Seats Opens at the Big Four

Ticket Office. The sale of seats for the Nordica concert next Tuesday night at Tomlinson Hall opened yesterday at the Big Four ticket office with a good demand. Besides a heavy local sale a number of orders for tickets were received from out of town by John Stem, who is looking after the local management of this big musical event. The concert, which will be given by the orchestra of sixty musicians from the Metropolitan Opera House, New York, with John S. Duss as conductor and Madame Lillian Nordica as the vocal soloist, promises to be one of the greatest musical treats of the season in Indianapolis. Tomlinson Hall has been undergoing many improvements and will be splendidly equipped as a concert hall by next Tuesday night with rows of boxes along the balcony and with better acoustic properties than heretofore. The seat sale will continue at the Big Four ticket office until the evening of the concert. There is every reason to believe that the attendance will be very large, as Madame Nordica has always been a great favorite in Indianapolis.

Third Indiana Cavalry.

The twenty-first annual reunion of the Third Indiana Cavalry was held in the Circuit Court room yesterday. A reunion of the cavalry is held each year on the first Thursday of October. About fifty veterans of the civil war were present. The time was spent in reciting reminiscences of their life during the war. The officers of the organization for the ensuing year are Dr. Samuel N. Hamilton, of Connersville, president, and William N. Pickerill, of this city, secretary-treasurer.

Joseph Keys Fined.

Joseph Keys was yesterday fined \$1 and costs on a charge of profauity, while his wife, May Keys, was given a fine of \$15 and costs on a charge of loitering. Mr. and Mrs. Keys were both arrested some time ago. The wife was placed under arrest at the request of the husband, who claimed she had stolen a watch and chain and a ring from him, and the husband was arrested

because, in relating of the theft to the officer and a number of excited onlookers, he became violent and used bad language. Mrs. Keys appealed her case. She claim: that she caught her husband in a wineroom with another woman, and took the watch and ring for safe keeping, but Keys claims that he was divorced from the voman some time ago.

DR. WM. H. THOMAS DEAD.

He Was Well Known Among Physicians of the City.

Dr. William H. Thomas, sixty-nine years old, died at his home, 618 Huron street from cerebral hemorrhage on Wednesday evening, and the funeral will be held from his late residence this afternoon, at 2:30 o'clock. Dr. Thomas came to Indianapolis in 1875 and early identified himself with the leading medical associations of the the latter, one-half of 1 per cent. For the city. He was identified with the College of Physicians and Surgeous, and filled severa chairs in that institution. Later he helped to organize the Central Medical College, Salaries and wages \$384,291.64 and until four years ago held the chair of nervous diseases, which he resigned on ac-count of ill health. He was born in Fayette county, and during the civil war served as a captain in the Seventh Minne-sota Volunteer Infantry. Dr. Thomas was a man highly honored and esteemed by all who knew him, and his death brought sorrow to his many friends. He is survived by his widow and one son, Dr. E. C. Thomas.
